Structure, governance and management (continued)

The Board of Trustees normally meet 6 times each year. The Board of Trustees establishes an overall framework for the governance of the Academy Company and determines membership, terms of reference and procedures of Committees of the Board of Trustees and other groups.

It receives reports including policies from its Committees for ratification. The Board of Trustees may from time to time establish working groups to perform specific tasks over a limited timescale.

There are 5 Committees of the Board of Trustees as follows:

The Scheme of Delegation sets out which areas delegated from the Board of Trustees to the Local Governing Body and other committees of the Academy Company.

Engagement with employees (including disabled persons) (continued)

Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment within the Academy Company continues and that the appropriate training is arranged. It is the Academy Company's policy that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

- Promoting equality of opportunity for disabled people: pupils, staff, parents, carers and other people who use the Academy Company or may wish to; and
- Intending to publish a disability equality scheme which clearly identifies the employer responsibility regarding disabled staff, as well as disabled pupils, governors, parents and visitors.

Catholic senior Executive Leader CEO report

Since our formation as an Academy on 1 April 2021, we have been constantly growing and developing our schools. This period was one of further formation in line with the Archdiocese vision for Catholic Education, Catholic leadership formation and in line with Catholic social teaching principles.

As with all organisations, the backdrop to 2021-22 was the pandemic, and all of the many challenges that arose. As a Multi-Academy we are very proud of our response, at all levels and across all teams within the Trust.

FOR THE YEAR ENDED 31 AUGUST 2022

Objectives and activities (continued)

This has demonstrated the strength and benefits of what we do best and how living out our faith guides us in our daily work with children and families.

There were numerous examples of how all our schools made an enormous difference to the lives of the children and young people whom we serve.

So for one school their Covid response was the following;

- “We delivered lunch packages ensuring there was ENOUGH food. If children didn't like something they had a swap...they needed to eat,
- We delivered paper packs of work to those who struggled to access online for reasons of skill of parents or problems with internet,
- We sought and accessed free internet access for parents,
- We welcomed parents into school who were struggling online in order to show them how to access work online and use SIM cards with free access,
- We called every single child each week to ensure their wellbeing...in some cases we spoke to the parents more who were glad to speak to an adult! For those we couldn't get in touch with on the phone support staff visited houses,
- We ran online lessons, as well as 'catch up ' sessions - in the catch up sessions, there was no expectation that children do work - it was just a chat and a catch up,
- We held celebration assemblies via TEAMS so that children could receive awards each week - we invited the award winners and their families to come online to receive their praise,
- We delivered provisions where families were really struggling - we had staff paying out of their own pockets in some cases,
- We allowed some children who did not fall into the key worker category to come into school before the 'vulnerable' provision was in place as we knew the families who would be struggling”.

But this is not unique to just one school. All our Academy schools made the same offer, went the extra mile to support our children, parents and communities This made a significant difference to wellbeing, safeguarding, and support given to our children and families.

I am so proud of the work undertaken by all staff in our schools. The spirit of the Gospels and Christian values have informed how staff approached each challenge with a relentless focus on making a positive difference to the children, families, and the communities that our schools serve.

Our staff used their innovation to quickly respond and introduce activities both in the classroom and virtually, in order to provide a continuity of Education through the pandemic and post pandemic return to school in Autumn 2022.

Whilst the pandemic was the backdrop it did not define our year, as we made significant progress across many areas:

- Continuing to develop as newly formed Multi-Academy, building our systems and processes.
- Launching our Childrens Charter to reduce the gap between disadvantaged and non-disadvantaged pupils across our schools, offering an equality of opportunity and access in line with the values and example of the Saints.
- Ensuring that school improvement across the multi-academy is central to our aim as Catholic educators so that our children benefit from the very best Catholic education.
- Working with all 13 schools and our Head Teacher Leadership network to develop our collective shared understanding of excellence in all areas of the Catholic curriculum.
- Developing a culture based on our “family of Catholic schools” to share best practice and learning from and with each other.
- Ensuring that from the start of our formation journey we use our internal multi-academy talented leaders and staff to drive innovation and best practice.

Objectives and activities (continued)

- Benefiting from economies of scale, we are starting to generate effective purchasing power as a group of schools, ensuring schools retain as much budget to be spend on our child(ren).
- Opening up our schools to peer review days and visiting external schools to learn and develop new ways of advancing Catholic education.
- During this period starting to address key issues and challenges within our buildings by highlighting priority work and starting a work programme using capital funding we receive from the government as a multi-academy.
- Our financial planning and monitoring have become stronger. Through the collective endeavour of our school business managers and our central finance team we have embedded more robust integrated financial planning, better informed and more accurate budget forecasting.
- Ensuring that we started a major review and baseline analysis of all our SEND pupils in our 13 schools, looking at best practice, use of data, Childrens views and parent's views. This review will inform how we structure and offer services for SEND pupils over the coming years.
- Safeguarding continues to be a main priority and this, together with SEND, have remained key areas of focus through 2021-2022 as we develop our systems, case management and support to our Designated Safeguarding Leads at each school.
- Supporting other schools in the multi-academy when they face any challenges on areas such as recruitment and curriculum.
- Through formation starting to support schools to focus on teaching and learning as the many wider school non-teaching requirements are increasingly addressed by the central team.

Our aim as a newly formed MAC is to ensure our children are fully supported to realise their God-given talents, be supported to achieve as much from their education and to develop the Christ-like values to take them into adulthood as confident citizens, with solid values at the centre of their lives. In short we want our children to know they are God's gifts, are all loved and are safe in our schools. I assure you that all our staff work tirelessly to ensure that your child's ambitions and God-given talents are realised.

School Improvement

From September 2021 to August 2022, Our Lady's and All Saints Catholic Multi Academy School Improvement programme focused on a model that developed collaborative working between our 12 primary and 1 secondary Catholic schools, Head Teachers working peer-to-peer with each other were supported with the targeted use of external consultancy to undertake desk reviews.

An initial summary of the position of all schools was produced for Board in May 2022. This is a baseline position, and the next stage is to undertake more forensic studies and reviews at each individual school.

Other challenges exist such as assessing the true impact of COVID-19 on attainment, standards and on our schools' budgets financial position. Also supporting pupils, parents, and staff to make as successful a return to school each term during the post pandemic period.

Principles underpinning our School Improvement work programme for the period September 2021 to August 2022.

1. Use internal MAC Academy talent and capacity where possible, relying on the existing talents and experience within our family of schools.
2. Start development of self-appraisal model.
3. Develop across Trust cohorts of 3 schools working together.
4. Focus on school improvement and SEND reviews at each school and engage with a strategic partner.
5. When engaging external expertise, ensure that there is a "fit" between this resource, our Head Teachers, and our Catholic ethos and vision for our Schools.
6. Brief MAC Board on key outcomes and findings.

b. Public benefit

In setting our objectives and planning our activities the Trustees have given careful consideration to the Charity Commission's General Guidelines in public benefit as well as our own objectives.

During the year ended 31 August 2022 the Academy Company promoted Catholic Education for the benefit of individuals living in the relevant parishes of the Diocese of Birmingham, as well as those who have need by reason of their age, infirmity or disability, financial hardship or social and economic circumstances or for the public at large, to provide Catholic Education and the use of our facilities for recreation or other leisure time activities in the interests of social welfare and with the object of improving the condition of life of the said individuals.

The Academy Company continues to achieve public benefit through provision of Catholic Education for the good of the local parishes and communities served by each school. These provisions are enshrined in the Admission Policies and Oversubscription criteria which are approved by the Diocese and which are in compliance with the Admission Codes.

Strategic report

Achievements and performance

a. Review of activities and achievements for the year

All our family of schools have felt the impact of the Covid pandemic, and this year has been focused on giving space to the impact that it has had on our schools. However significant credit is given to the resilience, adaptability, and passion that all of our colleagues have shown to continue supporting children, and providing a high quality of education, irrespective of the circumstances

We are proud of the achievements of OLAAS Multi Academy Company schools, over the last twelve months. Academically, we have invested in School Improvement with the creation of our focussed leadership meetings, and a school improvement strategy including school reviews. This gives dedicated time to support teaching colleagues to enhance their pedagogical practice, but also additional resources to better support data collation and analysis, providing insights from which to target further interventions.

We have a developing school improvement offer and team which includes;

- Strategic School Improvement
- HT/SLT Mentoring
- EYFS
- Middle Leaders
- Curriculum support around design and intent
- Ofsted Readiness Support
- SEND co-ordination and regular network of practice meetings
- CSI framework Inspection preparation and support
- Secondary School Improvement Partner
- Attendance improvement model offer and work programme

Three of our schools in OLAAS were inspected under section 48 Education Act 2005, St. Edwards, St. Anthony's and St. Andrews. All of these were extremely positive outcomes with all schools receiving a good outcome. Additionally, St. Anthony's were inspected by Ofsted during the year. The School received an "outstanding" in 3 areas with a good overall judgment.

Key financial performance indicators

Based on the performance of the schools, the need to drive school improvement and staffing structures the Academy Company established a financial budget at the start of the year which predicted an in-year net expenditure of £341,000 and then monitored performance against that budget during the period, the actual net income was £222,000.

Further financial and non-financial indicators will be introduced as the Academy Company develops. During the year the Company developed a rigorous budget setting tool incorporating Integrated Curriculum and Financial Planning techniques. Trustees set targets for the financial year 2022/23 in managing individual school budgets within the overall trust aims of:

- Overall in-year balanced budget;
- Maximum 75% available income to be spent on staffing (excluding any restructuring costs); and,
- Securing overall reserves in line with the reserves policy.

Reserves to 31 August 2023 were budgeted to fall by £150,000 during the budget setting cycle.

b. Going concern

After making appropriate enquiries, the Board of Trustees has a reasonable expectation that the Academy Company has adequate resources to continue in operational existence for the foreseeable future.

A small minority of our schools were in financial deficit prior to the formation of Our Lady and All Saints Catholic Multi Academy Company. Some had been building healthy reserves.

We have worked to reverse this situation through;

- Integrate Curriculum Financial Planning meetings with school.
- Monitoring of forecast with Head Teacher.
- MAC support with absorbing elements of school expenditure, assisting school to a balanced position.
- Impact of Additional funding, announced in the Autumn budget 2022, to be assessed for Academic year 22-23.

The Academy Company is using Integrated Curriculum and Financial Planning Tools to manage planned expenditure in each school. The main aspect of this approach is to review the education provision, be it number of form groups, mixed year groups or number of subjects offered in key stage 4 and 5, and matching the number of teachers and support staff required to deliver a successful curriculum offer within the confines of the funding available. The business support function will focus on the resources needed to safely operate and administer the running of a school to deliver the curriculum along with the physical resources to support both curriculum and business operations.

Pension scheme liabilities are recognised on the Academy Company's balance sheet but are underwritten by the secretary of state for education as describe in note 25 to the financial statements.

The basis of occupancy of land and buildings for the Academy Company is different to other Academy Trusts because the majority of the freehold buildings are owned by the Diocese of Birmingham Trustees or other related but independent Trustees. The schools in the Academy Company generally hold a licence to occupy premises and as such these buildings are not recognised on the Academy Trust's balance sheet. This and the pension scheme liabilities give the appearance of significant net liabilities on the balance sheet, however, these do not impact on the running costs and reserves of the Academy Company.

For these combined reasons the Academy Company is forecasting to maintain and build up reserves in the future years. Therefore, the Academy Company continues to adopt the "Going Concern" basis in preparing the Financial Statements. Further details regarding the adoption of the "Going Concern" basis can be found in the Statement of Accounting Policies.

c. Promoting the success of the company

The Trustees have acted in the way which they consider, in good faith, promotes the success of the Academy Company for the benefit of its pupils and their parents, the Department for Education and the Education and Skills Funding Agency as principal funders and regulators, its suppliers and local wider school community as a whole, and in doing so have given regards to (amongst other matters):

Our educational business relationships and community

With a highly committed and dedicated workforce, the Academy Company takes great pride in listening to what our pupils and local community want and continues to provide the level of education outcomes and results that they have come to expect. The Academy Company continues to evolve and to adapt to the ever-changing educational environment, leading to the continued increase in the awareness of the Academy Company's overall activities and educational performance.

Financial review

During the year ended 31 August 2022, the Academy Company received income £25,559,764 (2021: £10,966,747) in Government, Local Authority and other grants, mostly in the form of recurrent grants, the use of which has been restricted.

At 31 August 2022 the net book value of fixed assets was £579,334 (2021: £508,718) and a breakdown is shown in note 15 of the Financial Statements. The Academy Company has included the land and buildings in the Financial Statements based on the information reported to the DfE/ESFA in the Land and Buildings Collection Tool in 2022; assets owned by the Archdiocese of Birmingham. The assets are used exclusively for providing education and the associated support services to the pupils of the Academy Company.

The Academy Company held net liability fund balances at 31 August 2022 of £623,004 (2021: £11,106,477). This includes the Fixed Assets and Local Government Pension Scheme deficit of £5,541,000. (2021: £15,398,000) The majority of the pension deficit was transferred upon conversion to Academy status. Cash at bank and in hand at 31 August 2022 amounted to £5,186,542 (2021: £2,996,510).

a. Reserves policy

The Board of Trustees review the reserve levels of the Academy Company annually. The policy of the Academy Company is to carry forward a prudent level of resources designed to meet the long-term cyclical needs of renewal and any other unforeseen contingencies plus a combination towards future capital projects, subject to the constraint that the level of resources does not exceed the level permitted by the ESFA.

The Academy Company has a policy of carrying forward internal under/overspends. This does result in an increase/decrease in the Academy Company's reserves.

During 2021/22 the Academy Company took the decision to hold reserves across the Academy Company to mitigate against the risk of falling pupil number and changes to the funding formula. Currently the Academy Company has set a minimum level of reserves equal to 30 days operating expenditure, which during 2021/22 was approximately £2.1m. Future use of the reserves will include protection against lagged funding resulting from general expansion.

The current level of reserves within the Academy Company is significantly above this target from the conversion reserves.

The value of free reserves (being unrestricted reserves) held at 31 August 2022 is £3,630,440.

The value of restricted general funds held at 31 August 2022 is £nil.

The value of total funds, including the fixed asset funds and the Local Government Pension Scheme deficit, held at 31 August 2022 is an excess of liabilities £623,004.

b. Investment policy

The Academy Company has an Investment Policy in place. The aim of this policy is to ensure that funds which the Academy Company do not immediately need to cover anticipated expenditure are invested in such a way as to maximise the Academy Company's income but without risk.

Our aim is to spend the public monies with which we are entrusted for the direct education benefit of students as soon as is prudent. We do not consider the investment of surplus funds as a primary activity, rather it is the result of good stewardship as and when circumstances allow.

The central team will assist each school to construct such budgets and cash flow forecasts as are required by legislation. These ensure viability and sustainability of the activities of each school.

TRUSTEES' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 AUGUST 2022

From time to time, operational and strategic decisions related to the education of students will result in substantial cash balances being held at the bank over a sustained period. These periods are identified by the Chief Finance Officer as part of normal forecasting activity and, when identified, my result in an investment made in accordance with guidance provided in the Academies Financial Handbook.

In making decisions regarding where and how any surplus funds should be invested, due regard will be given to the "Risk that the return on investments is not being maximised" and "Risk that Trustees are not acting in accordance with their Investment Policy" (e.g.investing in high risk investments).

The principles to be adopted are as follows:

- To invest any available sums in the higher yielding account with our principal bank;
- Consideration should be given to investing £85,000 tranches in a different authorised financial institution;
- Investments in institutions other than Lloyds Bank must be authorised by the Academy Company on the recommendation of the Chief Finance Officer; and
- Re-investment is automatically undertaken for the principal and interest unless funds are required for anticipated expenditure.

c. Principal risks and uncertainties

The principal risks identified for the Academy Company during the next few years will be the fluctuation in student numbers which directly impact on both funding and with ever tighter financial constraints. This, and the lagged effect of funding pupil places, means that tight budget monitoring is key.

Other risks include:

- Refining robust safeguarding systems to monitor and report effectively on trends and demands that safeguarding challenges are presenting in our Academy family of schools,
- Recruitment of Teachers and Catholic Teachers within leadership positions,
- Cost of living; impact on pupils in schools and staff. Budgets are tight but there is an expectation to meet pay increments without Government funding to assist this process,
- Health and Safety challenges faced by our schools; developing a general centrally led system wide approach, whilst being responsive to the needs of each school.

Financial risk management objectives and policies up to 31 August 2022

The Academy Company's exposure to risk was mainly in respect of bank balances, cash and trade creditors, with limited trade debtors. The Academy Company has inherited the Local Government Defined Benefit Pension Scheme deficit for associate staff of the Academy Company.

Risk management

The Trustees have assessed the major risks to which the Academy Company is exposed, and in particular those related to core operations and financial viability of the Academy Company. Trustees are satisfied that systems and procedures are in place to mitigate exposure to the major risks. The Risk Register is reviewed regularly as part of the Academy Company Strategic Plan.

Fundraising

Under the provisions of the Charities (Protection and Social Investment) Act 2016 the Academy Company approach to fundraising practices is as follows:

- To seek opportunities where appropriate taking account of the circumstances and context of our school community without putting pressure on any potential donor;
- To raise funds only through established school and academy partners and fundraising is voluntary;
- The Academy Company does not delegate or contract out fundraising to any organisation with which it is not directly linked;
- The Academy Company ensures close monitoring of all fundraising. Examples are the Parent Teacher Associations for each school;
- The Academy Company utilises the Birmingham Diocesan Complaints Procedure;
- The Academy Company protects the public, including vulnerable people, from unreasonably intrusive or persistent fundraising approaches, and undue pressure to donate by making clear that donations are not compulsory; and
- In addition to raising funds for our own objectives, families and parishes have supported several national charities including Father Hudson's Society and CAFOD, etc.

Plans for future periods

The Academy Company will continue to operate in accordance with the Objects Clause of its Memorandum and Articles of Association, and will seek to implement the objectives set out in the Strategic Plan approved by the Board of Trustees in September 2022:

- Mission and Ethos – Through our Catholic faith promote the academic, spiritual, emotional and social growth of the individual child and young person.
- Teaching, Learning and Assessment – To ensure that all our academies provide the very best teaching in order to promote and provide high quality learning for all our children and young people and ensuring that there is support in place for teachers to achieve this.
- Academy Improvement – To establish a self-sustaining, system-led, collaborative approach to improvement where required.
- Leadership and Governance – To ensure high quality leadership and governance at the Board of Trustees, Executive Team, Local Governing Body and individual academy level.
- Creative and effective, integrated business support service which is responsive to changing needs.
- To ensure that the Academy Company has business support arrangements which are efficient and deliver value for money across all its operations.

The Academy Company will continue to seek funding to support its growth and to support the individual Academies within the Academy Company in order to maintain standards and outcomes.

Funds held as custodian on behalf of others

The Academy Company and its Trustees do not act as Custodian Trustees of any other charity.

The Academy Company does however hold Post 16 Bursary Funds on behalf of the ESFA, which are distributed to students as required in line with the terms and conditions of the funds..

GOVERNANCE STATEMENT

Scope of responsibility

As Trustees, we acknowledge we have overall responsibility for ensuring that Our Lady and All Saints Catholic Multi Academy Company has an effective and appropriate system of school, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives and can provide only reasonable and not absolute assurance against material misstatement or loss.

As Trustees, we have reviewed and taken account of the guidance in DfE Governance Handbook and competency framework for governance.

The Board of Trustees has delegated the day-to-day responsibility to the Catholic Senior Executive Leader, as Accounting Officer for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Our Lady and All Saints Catholic Multi Academy Company and the Secretary of State for Education. They are also responsible for reporting to the Board of Trustees any material weakness or breakdowns in internal control.

Governance

The information on governance included here supplements that described in the Trustees' Report and in the Statement of Trustees' Responsibilities. The Board of Trustees has formally met 11 times during the year.

Attendance during the year at meetings of the Board of Trustees was as follows:

Governance in our Academy Company continues to be managed by the Board of Trustees, keeping it separate although aligned with the executive functions of the organisation.

Since the conversion on 1 April 2021, much work was undertaken to open up and strengthen communication between LGBs and the Board of Trustees. Where appropriate, feedback is brought to the Board; if the question or issue is of an operational nature, LGBs are encouraged to resolve it through liaising with their school's senior leadership and/or the central team. Once the issues are considered, information is disseminated either through the regular meetings, newsletters, or Governorhub, along with a number of pertinent articles and information.

Governor training tailored to the Academy Company was made available by Birmingham Diocesan Education Service (BDES) for all governors, both new and experienced, and many long-term governors took advantage of the opportunity to refresh their governance skills. Training opportunities are a regular feature to ensure that governors are aware of what is available and that they know how to take advantage of those opportunities.

All governors and Trustees have now been issued school or the Academy Company's email address. All governors are identified as such in the address book. The aims are:

- For GDPR compliance
- Ease of sharing information
- Free access to Office 365 web-based software, including Microsoft Teams to help facilitate remote LGB meetings

GOVERNANCE STATEMENT (CONTINUED)

Governance (continued)

There continues to be a focus, at both Board and Local Governing Body level, on succession planning to support the aspiration for effective governance at every level of the organisation. The Board of Trustees succession plan is formally updated each summer as part of wider strategy discussions, and LGBs are asked each Lent term to update their own plans, identifying gaps and ensuring that key roles are filled.

Conflicts of Interest

The Academy Trust is currently re-writing a Conflicts of Interest policy, which will be regularly reviewed and updated by management and the Board of Trustees. This policy will be communicated to all Members, Trustees, Local Governors and employees of the Academy Trust and all Members, Trustees and senior leadership team employees are required to confirm they have read the Conflicts of Interest policy on annual basis.

In line with the policy, all Members, Trustees, Local Governors and senior leadership team employees are required to complete a declaration of any business or pecuniary interests on an annual basis or, in the case of individuals taking up these roles during the year, at the point of taking up their role. A register of interests is then maintained by the Academy Trust's Governance Clerk, which is reviewed at the start of each Board of Trustee meeting and also provided to Academy Trust's finance team for monitoring in relation to any transactions with any organisations in which interests have been declared. Any transactions with organisations in which any interests have been declared are reported to the Board of Trustees in advance of the transactions, so that formal approval can be provided by the Board where the transaction is considered appropriate and formal notification to the ESFA can then be made, including where relevant, seeking pre-approval.

Committee Structure

Local Governing Bodies

The governor role is to hold the leadership to account by questioning, challenging and triangulating evidence to gain assurance that the actions set out against the priorities for the school in the School Development Plan are being addressed. Review of value for money

As Accounting Officer, the Catholic Senior Executive Leader has responsibility for ensuring that the Academy Company delivers good value in the use of public resources. The Accounting Officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The Accounting Officer considers how the Academy Company's use of its resources has provided good value for money during each academic year, and reports to the Board of Trustees where value for money can be improved, including the use of benchmarking data where appropriate.

The Accounting Officer for the Academy Company has delivered improved value for money during the year by developing a strategic partnership with local authorities to procure the following services; Catering service provision, school improvement and Buildings and Estates management.

The MAC has completed a MAC wide procurement for a new Payroll and HR service.

Utilising Integrated Curriculum and Financial Planning Tools to provide appropriate staffing and resources in schools to meet the priorities of each school.

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the Academy Company policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The system of internal control has been in place in the Academy Company for the year to 31 August 2022 and up to the date of approval of the annual report and financial statements.

Capacity to handle risk

The Board of Trustees has reviewed the key risks to which the Academy Company is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Board of Trustees is of the view that there is a formal on-going process for identifying, evaluating and managing the Academy Company's significant risks that has been in place for the year to 31 August 2022 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Board of Trustees.

The risk and control framework

The Academy Company's system of internal financial control is based on a framework of regular management information and administrative procedures including segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Board of Trustees.

(A Company Limited by Guarantee)

GOVERNANCE STATEMENT (CONTINUED)

The risk and control framework (continued)

- regular reviews by the Resources Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes.
- setting targets to measure financial and other performance.
- clearly defined purchasing (asset purchase or capital investment) guidelines.
- identification and management of risks.

The Board of Trustees also adopted, and continues to implement, the Budget Setting Strategy issued in November 2020 as part of the implementation of resources management within the Academy Company which provided benchmarks and KPIs for staffing ratios, reserve levels and in-year balanced budgets

The Board of Trustees has decided to employ MHA MacIntye Hudson LLP as internal auditor.

The MAC has also commissioned Compliance for Schools Ltd, to complete a review of Single Central records across all 13 schools.

The internal auditor's role includes advising on financial matters and performing a range of checks on the Academy Company's financial systems. In particular, the internal checks carried out in the current period included:

- Safeguarding
- Engagement and communications
- Estates and Facilities
- Financial planning, reporting and forecasting.

On an annual basis, the internal auditor reports to the Board of Trustees on the operation of the systems of control and on the discharge of the Board of Trustees' financial responsibilities.

Review of effectiveness

As Accounting Officer, the Catholic Senior Executive Leader has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- the work of the internal auditor;
- the financial management and governance self-assessment process;
- the school resource management self-assessment tool;
- the work of the executive managers within the Academy Company who have responsibility for the development and maintenance of the internal control framework.
- the work of the external auditors;

The Accounting Officer has been advised of the implications of the result of their review of the system of internal control by the committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

STATEMENT ON REGULARITY, PROPRIETY AND COMPLIANCE

As Accounting Officer of Our Lady and All Saints Catholic Multi Academy Company I have considered my responsibility to notify the Academy Company Board of Trustees and the Education and Skills Funding Agency (ESFA) of material irregularity, impropriety and non-compliance with terms and conditions of all funding received by the Academy Company, under the funding agreement in place between the Academy Company and the Secretary of State for Education. As part of my consideration I have had due regard to the requirements of the Academy Trust Handbook 2021.

I confirm that I and the Academy Company Board of Trustees are able to identify any material irregular or improper use of all funds by the Academy Company, or material non-compliance with the terms and conditions of funding under the Academy Company's funding agreement and the Academy Trust Handbook 2021.

I confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the Board of Trustees and ESFA.

Accounting Officer

STATEMENT OF TRUSTEES' RESPONSIBILITIES
FOR THE YEAR ENDED 31 AUGUST 2022

The Trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with the Academies Accounts Direction published by the Education and Skills Funding Agency, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the Trustees to prepare financial statements for each financial year. Under company law, the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP 2019 and the Academies Accounts Direction 2021 to 2022;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from ESFA/DfE have been applied for the purposes intended.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF OUR
LADY AND ALL SAINTS CATHOLIC MULTI ACADEMY COMPANY**

Opinion

We have audited the financial statements of Our Lady and All Saints Catholic Multi Academy Company (the 'academy company') for the year ended 31 August 2022 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', the Charities SORP 2019 and the Academies Accounts Direction 2021 to 2022 issued by the Education and Skills Funding Agency.

In our opinion the financial statements:

- give a true and fair view of the state of the Academy Company's affairs as at 31 August 2022 and of its incoming resources and application of resources, including its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities SORP 2019 and the Academies Accounts Direction 2021 to 2022 issued by the Education and Skills Funding Agency.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Academy Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Academy Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' Report thereon. The Trustees are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Trustees' Report including the Strategic Report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- the Trustees' Report and the Strategic Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the Academy Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' Report including the Strategic Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities, the Trustees (who are also the directors of the Academy Company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Academy Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Academy Company or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF OUR
LADY AND ALL SAINTS CATHOLIC MULTI ACADEMY COMPANY (CONTINUED)**

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our assessment focused on key laws and regulations the Academy Trust has to comply with and areas of the financial statements we assessed as being more susceptible to misstatement. These key laws and regulations included but were not limited to compliance with the Companies Act 2006, Charities Act 2011, the Academy Trust Handbook 2021, the Academies Accounts Direction 2021 to 2022, taxation legislation, data protection, anti-bribery and employment legislation.

We are not responsible for preventing irregularities, including fraud. Our approach to detecting irregularities, including fraud, included, but was not limited to, the following:

- obtaining an understanding of the legal and regulatory framework applicable to the Academy Trust and how the Academy Trust is complying with that framework, including agreement of financial statement disclosures to underlying documentation and other evidence;
- obtaining an understanding of the Academy Trust's control environment and how the Academy Trust has applied relevant control procedures, through discussions with Trustees and other management and by reviewing the reports on the internal scrutiny work commissioned by the trust in relation to the year and by performing walkthrough testing over key areas;
- obtaining an understanding of the Academy Trust's risk assessment process, including the risk of fraud;
- reviewing meeting minutes of those charged with governance throughout the year; and
- performing audit testing to address the risk of management override of controls, including testing journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias.

Whilst considering how our audit work addressed the detection of irregularities, we also considered the likelihood of detection of fraud based on our approach. Irregularities arising from fraud are inherently more difficult to detect than those arising from error.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

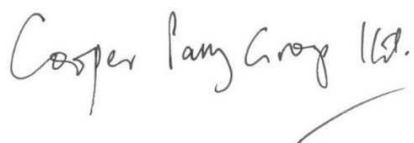

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' Report.

**INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO OUR LADY
AND ALL SAINTS CATHOLIC MULTI ACADEMY COMPANY AND THE EDUCATION AND SKILLS
FUNDING AGENCY**

In accordance with the terms of our engagement letter dated 9 July 2021 and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2021 to 2022, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by Our Lady and All Saints Catholic Multi Academy Company during the year 1 September 2021 to 31 August 2022 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to Our Lady and All Saints Catholic Multi Academy Company and ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to Our Lady and All Saints Catholic Multi Academy Company and ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Our Lady and All Saints Catholic Multi Academy Company and ESFA, for our work, for this report, or for the conclusion we have formed.

**Respective responsibilities of Our Lady and All Saints Catholic Multi Academy Company's
accounting officer and the reporting accountant**

The accounting officer is responsible, under the requirements of Our Lady and All Saints Catholic Multi Academy Company's funding agreement with the Secretary of State for Education dated 1 April 2021 and the Academy Trust Handbook, extant from 1 September 2021, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2021 to 2022. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2021 to 31 August 2022 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Framework and Guide for External Auditors and Reporting Accountant of Academy Trusts issued by ESFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the Academy Company's income and expenditure.

The work undertaken to draw our conclusions included:

- Reviewing the internal control policies and procedures implemented by the Academy Trust and evaluating their design and effectiveness to understand how the Academy Trust has complied with the framework of authorities, including reviewing the reports on the internal scrutiny work commissioned by the trust in relation to the year;
- Reviewing the minutes of meetings of the Trustees, relevant sub-committees and other evidence made available to us, relevant to our consideration of regularity;

(A Company Limited by Guarantee)

**INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO OUR LADY
AND ALL SAINTS CATHOLIC MULTI ACADEMY COMPANY AND THE EDUCATION & SKILLS FUNDING

- Enquiries of the Accounting Officer, including reviewing the work undertaken by the Accounting Officer in relation to their Statement on Regularity, Propriety and Compliance; and
- Detailed testing of the income and expenditure of the Academy Trust based on our assessment of the risk of material irregularity, impropriety and non-compliance. This work was integrated with our audit of the financial statements where appropriate and included analytical review and detailed substantive testing of transactions.

Conclusion

In the course of our work, nothing has come to our attention which suggest in all material respects the expenditure disbursed and income received during the year 1 September 2021 to 31 August 2022 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2022

1. Accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgements and key sources of estimation uncertainty, is set out below.

1.1 Basis of preparation of financial statements

The financial statements of the Academy Company, which is a public benefit entity under FRS 102, have been prepared under the historic cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2021 to 2022 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

1.2 Going concern

The Trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Academy Company to continue as a going concern. The Trustees make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the Academy Company has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the Academy Company's ability to continue as a going concern, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Taxation

The Academy Company is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Accordingly, the Academy Company is potentially exempt from taxation in respect of income or capital gains received within categories covered by Part 11, chapter 3 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

1.4 Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the Academy Company at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Department for Education Group.

Investment income, gains and losses are allocated to the appropriate fund.

OUR LADY AND ALL SAINTS CATHOLIC MULTI ACADEMY COMPANY
(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2022

1. Accounting policies (continued)

1.5 Income

All incoming resources are recognised when the Academy Company has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

• **Grants**

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance Sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of Financial Activities in the year for which it is receivable and any abatement in respect of the year is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the Balance Sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

• **Sponsorship income**

Sponsorship income provided to the Academy Company which amounts to a donation is recognised in the Statement of Financial Activities in the year in which it is receivable (where there are no performance-related conditions) where receipt is probable and it can be measured reliably.

• **Donations**

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

• **Other income**

Other income, including the hire of facilities, is recognised in the year it is receivable and to the extent the Academy Company has provided the goods or services.

• **Transfer on conversion**

Where assets and liabilities are received by the Academy Company on conversion to an academy, the transferred assets are measured at fair value and recognised in the Balance Sheet at the point when the risks and rewards of ownership pass to the Academy Company. An equal amount of income is recognised as a transfer on conversion within 'Income from Donations and Capital Grants' to the net assets received.

1.6 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

(A Company Limited by Guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2022

1. Accounting policies (continued)

1.6 Expenditure (continued)

• **Charitable activities**

These are costs incurred on the Academy Company's educational operations, including support costs and costs relating to the governance of the Academy Company apportioned to charitable activities.

All resources expended are inclusive of irrecoverable VAT.

1.7 Tangible fixed assets

Assets costing £1,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of Financial Activities. Where tangible fixed assets have been acquired with unrestricted funds, depreciation on such assets is charged to the unrestricted fund.

Depreciation is provided on all tangible fixed assets other than freehold land and assets under construction, at rates calculated to write off the cost of each asset on a straight-line basis over its expected useful life.

Depreciation is provided on the following basis:

| | | |
|------------------------------|---|----------------------------|
| Long-term leasehold property | - | Over the term of the lease |
| Furniture and equipment | - | 25% straight line |
| Computer equipment | - | 25% straight line |
| Motor vehicles | - | 10% straight line |

The Academy Trust occupies certain land and buildings of its Schools which are owned by the Birmingham Roman Catholic Diocesan Trustees (the Site Trustees). The Academy Trust occupies this land and buildings under the terms of a Supplemental Agreement between the Site Trustees and the Academy Trust. This Supplemental Agreement, which amounts to a mere licence, provides the Academy Trust with the right to use the land and buildings for an indefinite period, subject to a 2-year termination notice period. Having considered the fact that the Academy Trust occupies the land and buildings by a mere licence, which transfers to the Academy Trust no rights or control over the sites save that of occupying it at the will of the Site Trustees under the terms of the relevant site trust, the Trustees have concluded that the value of the land and buildings occupied by the Academy Trust should not be recognised on the balance sheet of the Academy Trust.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

1.8 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2022

1. Accounting policies (continued)

1.9 Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.10 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance Sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the Academy Company anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

1.11 Financial instruments

The Academy Company only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the Academy Company and their measurement bases are as follows:

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in note 16. Prepayments are not financial instruments.

Cash at bank is classified as a basic financial instrument and is measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in note 17. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

1.12 Pensions

Retirement benefits to employees of the Academy Company are provided by the Teachers' Pension Scheme ("TPS") and the Local Government Pension Scheme ("LGPS"). These are defined benefit schemes.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the Academy Company in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the Academy Company in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each Balance Sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred.

1. Accounting policies (continued)

1.12 Pensions (continued)

Net interest on the net defined benefit liability/asset is also recognised in the Statement of Financial Activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

1.13 Operating leases

Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the lease term.

1.14 Conversion to an Academy Trust

The conversion from a state maintained school to an Academy Company involved the transfer of identifiable assets and liabilities and the operation of the school for £NIL consideration. The substance of the transfer is that of a gift and it has been accounted for on that basis as set out below.

The assets and liabilities transferred on conversion from the predecessor schools to the Academy Company have been valued at their fair value. The fair value has been derived based on that of equivalent items. The amounts have been recognised under the appropriate Balance Sheet categories, with a corresponding amount recognised in Income from Donations and Capital Grants in the Statement of Financial Activities and analysed under unrestricted funds, restricted general funds and restricted fixed asset funds.

The Academy Trust occupies certain land and buildings of the Schools that were transferred on conversion which are owned by the Birmingham Roman Catholic Diocesan Trustees (the Site Trustees). The Academy Trust occupies this land and buildings under the terms of a Supplemental Agreement between the Site Trustees and the Academy Trust. This Supplemental Agreement, which amounts to a mere licence, provides the Academy Trust with the right to use the land and buildings for an indefinite period, subject to a 2-year termination notice period. Having considered the fact that the Academy Trust occupies the land and buildings by a mere licence, which transfers to the Academy Trust no rights or control over the sites save that of occupying it at the will of the Site Trustees under the terms of the relevant site trust, the Trustees have concluded that the value of the land and buildings occupied by the Academy Trust should not be recognised on the balance sheet of the Academy Trust.

Further details of the transaction are set out in note 24.

1.15 Agency arrangements

The Academy Trust acts as an agent in distributing the 16-19 bursary funds from the ESFA. Payments received from the ESFA and subsequent disbursements to students are excluded from the statement of financial activities as the Academy Trust does not have control over the charitable application of the funds. The funds received and paid and balances held are disclosed in note 28.

2. Critical accounting estimates and areas of judgement

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The Academy Company makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost or income for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 25, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2019 has been used by the actuary in valuing the pensions liability at 31 August 2022. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

Critical areas of judgement:

The Academy Trust obtains use of certain fixed assets as a lessee. The classification of such leases as operating or finance lease requires the Academy Trust to determine, based on an evaluation of the terms and conditions of the arrangements, whether it retains or acquires the significant risks and rewards of ownership of these assets and accordingly whether the lease requires an asset and liability to be recognised in the Balance Sheet.

The Academy Trust occupies certain land and buildings of its Schools which are owned by the Birmingham Roman Catholic Diocesan Trustees (the Site Trustees). The Academy Trust occupies this land and buildings under the terms of a Supplemental Agreement between the Site Trustees and the Academy Trust. This Supplemental Agreement, which amounts to a mere licence, provides the Academy Trust with the right to use the land and buildings for an indefinite period, subject to a 2-year termination notice period. Having considered the fact that the Academy Trust occupies the land and buildings by a mere licence, which transfers to the Academy Trust no rights or control over the sites save that of occupying it at the will of the Site Trustees under the terms of the relevant site trust, the Trustees have concluded that the value of the land and buildings occupied by the Academy Trust should not be recognised on the balance sheet of the Academy Trust.

The long-term leasehold property of the Academy Trust includes the playing fields land of the certain of the predecessor School's that were transferred to the Academy Trust on conversion during the year. The Academy Trust occupies this land under a 125-year lease arrangement with the Local Authority. In the absence of available valuations from the ESFA, the value of these land and buildings as included in the financial statements have been based on a Trustees' valuation. The valuation requires significant judgment on the part of the Trustees as there is no market for school playing fields and therefore the valuation has been based on comparable values for green belt land.

The Academy Trust occupies certain land and buildings of its Schools which are owned by the Birmingham Roman Catholic Diocesan Trustees (the Site Trustees). The Academy Trust occupies this land and buildings under the terms of a Supplemental Agreement between the Site Trustees and the Academy Trust. This Supplemental Agreement, which amounts to a mere licence, provides the Academy Trust with the right to use the land and buildings for an indefinite period, subject to a 2-year termination notice period. Having considered the fact that the Academy Trust occupies the land and buildings by a mere licence, which transfers to the Academy Trust no rights or control over the sites save that of occupying it at the will of the Site Trustees under the terms of the relevant site trust, the Trustees have concluded that the value of the land and buildings occupied by the Academy Trust should not be recognised on the balance sheet of the Academy Trust.

The long-term leasehold property of the Academy Trust includes the playing fields land of the certain of the predecessor School's that were transferred to the Academy Trust on conversion during the year. The Academy Trust occupies this land under a 125-year lease arrangement with the Local Authority. In the absence of available valuations from the ESFA, the value of these land and buildings as included in the financial statements have been based on a Trustees' valuation. The valuation requires significant judgment on the part of the Trustees as there is no market for school playing fields and therefore the valuation has been based on comparable values for green belt land.

The General Annual Grant funding must be used for the normal running costs of the Academy Trust in line with the Trust's charitable objects and the terms and conditions of the Trust's funding agreement.

All ESFA / DfE grants, which include Pupil Premium grants, Teacher pay grants, Teachers' pension grants, Supplementary grant, other ESFA/DfE grants, COVID catch-up premium, COVID recovery premium, School Led Tutoring grants and other DfE/ESFA COVID related funding are all used in accordance with the specific restrictions of the individual grants.

The Pension reserve represents the Local Government Pension Scheme deficit.

Restricted fixed asset funds represent the investment in fixed assets, net of accumulated depreciation, and includes the value of fixed assets transferred to the Academy Trust on conversion of the Schools within the Academy Trust. Unspent capital grants and capital income are also held in this fund and their use is restricted to the capital projects for which the grant awarded.

Under the funding agreement with the Secretary of State, the Academy Company was not subject to a limit on the amount of GAG it could carry forward at 31 August 2022.

24. Conversion to an Academy Trust

In the previous financial year on 1 April 2021 the various predecessor schools detailed below converted to Academy Trust status under the Academies Act 2010 and all the operations and assets and liabilities were transferred to Our Lady and All Saints Catholic Multi Academy Company from Solihull Metropolitan Borough Council for £NIL consideration.

The transfer has been accounted for as a combination that is in substance a gift. The assets and liabilities transferred were valued at their fair value and recognised in the Balance Sheet under the appropriate heading with a corresponding net amount recognised as a net loss in the Statement of Financial Activities as Expenditure on Charitable activities - transfer from local authority on conversion.

The following table sets out the fair values of the identifiable assets and liabilities transferred and an analysis of their recognition in the Statement of Financial Activities.

24. Conversion to an Academy Trust (continued)

The predecessor Schools that converted to academy trust status from Solihull Metropolitan Borough Council were:

- Our Lady of Compassion Catholic Primary School
- Our Lady of Wayside Catholic Primary School
- St Andrew's Catholic Primary School
- St Anne's Catholic Primary School
- St Anthony's Catholic Primary School
- St Augustine's Catholic Primary School
- St George and St Teresa Catholic Primary School
- St John the Baptist Catholic Primary School
- St Peter's Catholic School

The long-term leasehold property of the Academy Trust includes the playing fields land of the certain of the above predecessor School's that were transferred to the Academy Trust on conversion during the year. The Academy Trust occupies this land under a 125-year lease arrangement with the Local Authority. In the absence of available valuations from the ESFA, the value of these land and buildings as included in the financial statements have been based on a Trustees' valuation. The valuation requires significant judgment on the part of the Trustees as there is no market for school playing fields and therefore the valuation has been based on comparable values for green belt land.

The Academy Trust occupies certain land and buildings of the above predecessor Schools which are owned by the Birmingham Roman Catholic Diocesan Trustees (the Site Trustees). The Academy Trust occupies this land and buildings under the terms of a Supplemental Agreement between the Site Trustees and the Academy Trust. This Supplemental Agreement, which amounts to a mere licence, provides the Academy Trust with the right to use the land and buildings for an indefinite period, subject to a 2-year termination notice period. Having considered the fact that the Academy Trust occupies the land and buildings by a mere licence, which transfers to the Academy Trust no rights or control over the sites save that of occupying it at the will of the Site Trustees under the terms of the relevant site trust, the Trustees have concluded that the value of the land and buildings occupied by the Academy Trust should not be recognised on the balance sheet of the Academy Trust.

25. Pension commitments

The Academy Company's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Wolverhampton City Council in relation to the West Midlands Pension Fund and Warwickshire County Council in relation to the Warwickshire Pension Fund. Both are multi-employer defined benefit schemes.

25. Pension commitments (continued)

The latest actuarial valuation of the TPS related to the period ended 31 March 2016 and of the LGPS 31 March 2019.

Contributions amounting to £379,273 were payable to the schemes at 31 August 2022 (2021 - £410,705) and are included within creditors.

Teachers' Pension Scheme

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for full-time teachers in academies. All teachers have the option to opt-out of the TPS following enrolment.

The TPS is an unfunded scheme to which both the member and employer makes contributions, as a percentage of salary - these contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every 4 years. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The latest actuarial valuation of the TPS was carried out as at 31 March 2016. The valuation report was published by the Department for Education on 5 March 2019. The key elements of the valuation and subsequent consultation are:

- employer contribution rates set at 23.68% of pensionable pay (including a 0.08% administration levy)
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £218,100 million and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £196,100 million, giving a notional past service deficit of £22,000 million
- the SCAPE rate, set by HMT, is used to determine the notional investment return. The current SCAPE rate is 2.4% above the rate of CPI, assumed real rate of return is 2.4% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.2%. The assumed nominal rate of return including earnings growth is 4.45%.

The next valuation result is due to be implemented from 1 April 2023.

The employer's pension costs paid to TPS in the year amounted to £2,342,934 (2021 - £1,000,450).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website (<https://www.teacherspensions.co.uk/news/employers/2019/04/teachers-pensions-valuation-report.aspx>).

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The Academy Company has accounted for its contributions to the scheme as if it were a defined contribution scheme. The Academy Company has set out above the information available on the scheme.
